Forecast For West Midlands
Issued by Met Office Exeter
at 0400 on Thursday 09 Dec 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Brighter today but more rain by this evening.

Today:
Isolated showers at first, but these fading to leave an increasingly fine morning with some sunshine. Clouding over from the west after midday, with rain arriving by the evening. Maximum temperature 8 deg C (46 deg F).

Tonight:
A wet start to the evening but rain soon clearing with clear spells and showers following. Breezy for many and feeling cold with a touch of frost in sheltered locations. Minimum temperature 1 deg C (34 deg F).

Friday:
Largely dry with sunny spells, but a few showers are possible. These may briefly be on the heavy side with a little hail possible. Feeling chilly in brisk north-westerly winds. Maximum temperature 7 deg C (45 deg F).

Outlook for Saturday to Monday:
Cold at first on Saturday, but turning mild and cloudy with rain later. A few pockets of light rain or drizzle on Sunday and Monday but otherwise largely dry.
